

## GUARDS GET PER CENT FROM CARNIVAL SHOW

**Large Crowd Attend Many Attractions Now Open on Detroit Avenue.**

## SOLDIERS ARE POLICING

**Fund Being Raised Will Be Used to Furnish New Armory to Be Built Here.**

The Tulsa units of the Oklahoma national guard are proceeding with the feathering of their nest which the city of Tulsa is building for them in the way of an armory through the percentage of proceeds which they are collecting from the 40 or more shows which are running at full blast in the Con T. Kennedy show grounds, corner of Detroit and Fourth streets.

A portion of the gross proceeds of the attractions are being placed in the coffers of the four national guard companies located in Tulsa; the medical company, the supply company and companies B and C, and there is every indication that when the new \$30,000 armory, for which approximately \$20,000 has been raised, is completed the companies will be prepared to place in the armory the equipment which is needed, but for which no other provision is made.

Mats for the athletic games, billiard tables and other equipment can only be secured through some enterprises such as the street carnival. No canes, whips, confetti or return balls are permitted, the girls and the members of the guard companies are attending to the policing of the grounds in military manner which leaves nothing to be desired in the way of order along the "pike" and in the attractions line the sides of the mid-way for the four blocks along which they are arranged.

Elaborate preparations are being made by Major James E. Bell and Colonel T. L. Taylor for the military reception and entertainment to General Charles Barrett, who will be the guest of honor on "Military day" at the show.

## INCORPORATION OF TULSA CITY CLUB IS COMPLETED

The incorporation of the Tulsa City club, which was begun prior to the war, was completed at a meeting of the board of governors yesterday. Officers of the old City club were made officers of the new City club corporation. The board of governors will be the directors of the new organization.

Stock in the corporation will be sold at \$10 per share, a campaign for a membership of 1,000 will be inaugurated at the meeting of the club next Saturday noon.

L. W. Rock, who has recently returned from France and who is responsible for the resumption of the movement, together with Frank Greer, will constitute a committee to report on suitable quarters for the club. George B. Black, John R. Ramsey, M. J. Ogle, compose a committee on by-laws, which will report at the next meeting.

## BONDS AND CASH TAKEN FROM ALLISON'S OFFICE

Certificates, cash and baby bonds to the value of \$2,400 were taken from the W. O. Allison office, 413 World building by robbers late Monday night. Thieves are supposed to have gained entrance to the office by the use of a pass key.

Policemen pestered over the fact that certificates for 1,000 shares of stock in the Tulsa Diamond company, valued at \$2,000, were taken from the desks and cabinets. These certificates would be of no value to persons trying to dispose of them.

## Don't go Deaf

A simple, perfectly safe, pleasant home remedy has been found for the cure of deafness. It consists of a special treatment to keep the ears clean and free from infection. A number of physicians reported that they had never seen a case of deafness which could not be cured by this method. Dr. SLOANE'S CATARACT REMEDY is also a good one. It is a safe, simple, effective remedy for deafness. It is a good idea to get this one. You find it in all drug stores. It gives you new happiness into life. Share others this gift.

## The Great Advantage of Our Bifocal Glasses

is that it is a return to the eye of youth. They serve every purpose of vision, near and far, perfect for distance as for close vision. You do not have to remove them or strain the muscles to look up from close work. They are ground to meet the NATURAL eye conditions and they do meet them, because no matter what you want to see, whether a "mile away" or a "foot near," the vision is just as perfect as the "vision of childhood."

Neither are there any cracks, seams or dividing lines, just a neat, smooth lens with both near and distant vision. Ground in a solid piece of glass.

The business or professional man, the person who uses reading glasses a good deal of the time and is subject to the annoyance of removing them a thousand times each day, will appreciate the convenience and benefit of our Kryptok invisible Bifocal Glasses.

Do not buy glasses from people who go from house to house or town to town. The "ever you have" are the "one ones" you "ever will have." So guard them carefully.

## "CARRY ON!"

If Constipated, Bilious or Headachy, take  
"Cascarets"

Fee grand! Be efficient! Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your hair and your stomach sour. Why not get a small box of Cascarets and enjoy the result, a gentle laxative-antacitic you ever experienced? Cascarets never gripe, aches or inconvenience one like Salsol, Oil, Calomel or harsh pills. Cascarets bring sunshine to cloudy minds and half-sick bodies. They work while you sleep.

**TURN HAIR DARK WITH SAGE TEA**

If Mixed With Sulphur It Darkens so Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have to go to the trouble of getting the sage and the mossy stuff at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyneth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair taking one strand at a time; by the time the gray hair disappears, but what delights the ladies with Wyneth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Advt.
